## WORK EXPERIENCE

### Orient Commercial Joint Stock Bank - OCB Backend Developer

HCM - VN  
Sep 2024 - Present

- Contributed to developing new features and continuously looked for ways to improve overall system performance in OMNI 4.0, a Backbase-based finance platform.
- Worked closely with the DevOps team to enhance system monitoring and stability. Besides feature development, I was actively involved in system operations and troubleshooting live production issues reported by end-users
- Shared knowledge and provided guidance to junior teammates.
- Key features: biometric data collection, fraud prevention, donation transfers

Project: OMNI 4.0

### Saigon - Hanoi Commercial Joint Stock Bank Finance - SHBFinance Backend Developer

HCM - VN  
Nov 2023 - Aug 2024

- Developed and optimized features for the Sales & Customer App, including insurance sales and credit card issuance.
- Refactored and improved existing code to enhance performance, maintainability, and security.
- Strengthened application security to ensure compliance with best practices.
- Mentored and supported junior developers, fostering a collaborative and growth-oriented environment.

Project: Mobile DSA, Customer App, EOffice Management

**STYL Solutions Pte Ltd**  
**Backend Developer**

**HCM - VN**  
**May 2020 - Oct 2023**

- Directly interacted with clients in certain projects to gather requirements, define project scope, and support requirement changes during implementation.
- Participated in the full software development lifecycle for selected projects, including estimation, design, development, bug fixing, and product maintenance.
- Mentored new team members and supported their onboarding process.
- Researched and shared new technologies to improve team productivity and knowledge.
- Collaborated with cross-functional teams to ensure project progress and quality.

Project: NETs App, POSB Smart Buddy, Caribbean Sodexo, Device Management System

---

## **EDUCATION**

### **INFORMATION TECHNOLOGY**

**2018 - 2022**

VNU HCM - University of Information Technology

- Specialized in Software Engineering, focusing on web development, data structures and algorithms.
- 

## **ADDITIONAL INFORMATION**

- **Hobbies:** Swimming, billiards, reading.
- **Favorite Food:** Bread, eggs
